

Double Check

SWISS MEDICAL EXCELLENCE

DOUBLE CHECK is a Swiss medical centre located in Zurich, the heart of Switzerland. Double Check provides medical excellence through state-of-the-art medical services, science and technology. They offer medical interventions, full health check-ups, medical second opinions and a variety of specialised services for individuals who desire convenience, efficiency, and value privacy. Double Check has a network of over 200 specialists in Switzerland and through this network, they ensure that any further medical examinations and treatment adheres to the highest possible standards. In addition, they provide their clients with a personal Care Concierge to guide and support them through their entire medical journey in any language and according to cultural requirements. Double Check goes a step beyond, to ensure that all examination, testing and treatment fits one's schedule and lifestyle needs. This unique approach of network and private medical care brings the most advanced expertise available on the market.
